Title I Program Overview

Our school has been identified as a Title I School. Schools with high numbers or high percentages of children from low-income families are provided financial assistance through Title I to support school efforts tied to challenging state academic standards in order to reinforce and enhance efforts to improve teaching and learning for students.

Title I programs are based on effective means of improving student academic achievement and include strategies to support parent and family engagement. Funds are allocated to additional staff, instructional supplies and equipment, technology, and extended student learning opportunities.

What is Parent and Family Engagement?

Parent engagement is an ongoing process that increases active participation, communication, and collaboration between parents, schools and communities with the goal of educating the whole child to ensure student achievement and success. The Georgia Department of Education and DeKalb County School District ensures that Title I, Part A, Parent and Family Engagement Programs are met with meaningful and strategic actions to build parent capacity as mandated by the Every Student Succeeds Act (ESSA) of 2015.

Our school must ensure that strong strategies are in place to:

1. Build capacity to involve parents/stakeholders in an effective partnership.
2. Share and support high student academic achievement.
